CAREER OBJECTIVE

Civil Engineering student with skills in AutoCAD, Revit, and quantity estimation, interested in applying academic knowledge to practical projects and developing professional engineering experience.

EDUCATION

Bachelor of Engineering (Civil Engineering) : Deogiri Institute of Engineering and Management, Chh. Sambhajinagar **| Final Year | CGPA:6. 7**

HSC : YCC College , sillod | **Percentage : 74.83 %**

SSC : Yashwant vidyalaya , Borgaon | **Percentage : 88%**

TECHNICAL SKILLS

- **Design & Drafting Software:** AutoCAD(2D/3D), Revit, BIM Modelling
- **Office Applications:** Excel, Word, MS Office (CCC)
- **Civil Engineering Skills:** Quantity Estimation, Structural Drafting, Building Planning, Construction Drawing Interpretation
- **Technical Knowledge:** Material Estimation, Building Detailing, Basic Site Surveying, Cost Calculation

COURSEWORK & TECHNICAL KNOWLEDGE

Civil Engineering Subjects: Structural Analysis, Building Materials, Surveying, Concrete Technology, and Construction Management.

Computer-Aided Design: Preparation of 2D drawings and basic 3D models using AutoCAD, along with BIM concepts using Revit.

Estimation & Costing: Understanding of quantity calculations, material requirements, BOQ preparation, and basic project costing.

Construction Practices: Knowledge of building construction methods, structural components, and basic quality control procedures.

Surveying: Familiarity with basic surveying techniques, levelling, and measurement methods.

Languages

English, Hindi, Marathi
